

# Child Welfare Disparity in Maine

a decision point analysis is a useful way to see where children are over-represented relative to their proportion in the base population

- Asian/Pacific Islander
- American Indian/Alaska Native
- Multi-racial
- Latinx
- Black/African American
- White

\*data on poverty by race/ethnicity may not be available for all racial/ethnic groups. Percentages based on available data only. children with an unknown race/ethnicity are excluded
